

**1)** Yandaki şekil kullanılarak oluşturulacak süsleme aşağıdakilerden hangisidir?

A diagram labeled 'A)' showing a sequence of colored shapes. The sequence consists of four pairs of shapes. Each pair is composed of a yellow triangle pointing right and a pink triangle pointing left. Between each pair is a blue rectangle and a light blue rectangle. The colors are arranged in a repeating pattern: yellow, pink, blue, light blue, yellow, pink, blue, light blue.

B)

The diagram shows a large yellow parallelogram divided into six smaller triangles by three vertical lines and two diagonal lines. The triangles are colored blue, pink, and light blue.

C)

The diagram shows a large yellow parallelogram divided into six smaller triangles by three vertical lines. The triangles are colored blue, pink, and light blue. The blue triangles are at the bottom, the pink ones are in the middle, and the light blue ones are at the top. The diagram illustrates the concept of area and how it can be partitioned into smaller regions.

2)

**Yukarıdaki süslemede kaç farklı düzlemsel şekil kullanılmıştır?**

A) 1

B) 2

C13

3)

Yukarıdaki süslemede aşağıdakilerden hangisi **kullanılmamıştır**?

- A) Üçgensel bölge
- B) Karesel bölge
- C) Dikdörtgensel bölge

4)

Yukarıdaki süsleme aşağıdakilerden hangisi kullanılarak oluşturulmuştur?

5)

Yukarıdaki süslemede kullanılan karesel bölge sayısı, dikdörtgensel bölge sayılarından kaç fazladır?

A) 6

B) 7

C) 8

6)

Yukarıdaki örüntünün bir sonraki aşaması aşağıdakilerden hangisidir?

A)

B)

C)
